

Semi Electric High Lift Pallet Truck – 1000kg

The high lift pallet truck (also sometimes referred to as a 'Hi-lifter truck' or 'Scissor Lift Pallet Truck') is designed to eliminate repetitive back strain when loading or offloading pallets by hand.

The high lift pallet truck has a scissor action to lift pallets to a working height of 800mm.

Our scissor lift pallet trucks conform to the latest applicable health and safety regulations and can help to reduce the chances of a back strain or injury.

- Automatically braked when raised above 400mm
- Three position control lever
- Electric lift
- Manual lift in case of flat battery
- Full warranty on all models
