

Weigh Scale Pallet Truck – 2000kg

Highlights:

When using the pallet truck with the indicator for quality control, the check weighing feature with coloured LED indicators can quickly indicate underweight, overweight & acceptable limits.

Zero turning radius pivot steering provides mobility for tight spots & the solid pneumatic pump makes for better control when handling heavy weights.

Manage overloads with ease. The capacity tracker shows where you are in the weighing range. The display monitors the weight value & warns you as you are getting to the scales capacity.

Large keys are colour coded to clearly identify the more frequently used buttons.

An internal rechargeable battery with auto-off power saving function, lets you use the pallet truck where you need it.

Solid construction with solid rubber wheels, reinforced steel pallet forks & a stainless steel housing make for a durable industrial pallet truck scale.

Steel Beam Forks

Pallets easily glide onto the steel beam forks supported by solid wheels

Adjustable Indicator

Easily adjust the range of the indicator to suit the users' requirements for best viewing angle

Solid Wheels
Rubber tyred

Rugged Construction

Solidly built, will provide years of trouble-free service under normal use

Power Supply
Internal rechargeable battery

Large Backlit Display

Weights are quickly & easily read on the large & brilliant backlit LED display

Colour Coded Keys

Colour coded keys make identifying functions quick & easy

Features

- Hold Function
- Full range tare
- Backlit LCD display
- Digital filters
- Internal rechargeable battery
- Bi-directional RS-232 interface
- Quick & easy keypad configuration
- External calibration
- Large display
- IP66 indicator
- Steel construction
- Adjustable angle indicator
- Check weighing LED lights
- Capacity tracker

Technical Specifications

Capacity	2000kg
Readability	0.5kg
Linearity	± 1.0kg
Fork L x W	1150mm x 550mm
Width of each fork	160mm
Fork height	77mm – 192mm
Weighing units	Kilograms (kg), Pounds (lb), Newtons (N)
Applications	Weighing, accumulation, Check weighing, Animal /Dynamic weighing, Percentage weighing
Stabilisation time	2sec
Interface	Bi-directional RS-232
Power supply	Switchable 115v-230vAC Output 12vDc 800mA
Calibration	External calibration
Display	Backlit LCD display with LED check weighing light
Net weight	110kg
OA L x W x H	1580 x 690 x 1180mm
Ref	2811
